Wexford, PA 15090

Dear To Whom It May Concern,

We at Harrison County Habitat for Humanity most sincerely thank you for your contribution.

It has been over two months since the storm came through. We are finally working again in our office, which was spared destruction. Our mail is being delivered and so we have been able to receive this donation.

Every Habitat for Humanity home was either damaged or destroyed. Three homes were destroyed, nine homes were flooded, over half without flood insurance, and the rest sustained various degrees of damage. There were no deaths or serious injuries. Many families are already back in their homes awaiting the insurance adjusters or settlement checks.

The task we have is to help restore these beautiful homes to their pre-Katrina condition. Volunteer help is available, and we shall use plenty of it as time goes on. Your dollars will help families in the way best for them.

Speaking for all 34 Habitat families and our board and staff, God bless you for thinking of us and making this wonderful donation.

Most sincerely yours,

Byron W. Maguire
Executive Director
