Occupational Health Professionals - Join AOHP Now!

PITTSBURGH - The Association for Occupational Health Professionals in Healthcare (AOHP) is the only national professional organization that exclusively specializes in the needs and concerns of occupational health professionals in healthcare. Now is the best time of year for occupational health professionals to join AOHP and receive a full year of comprehensive resources and up-to-date practice information.

For an annual fee of just \$150, AOHP members gain access to:

- Local, regional and national opportunities for professional growth and development.
- Regular electronic and print communications.
- Discussion groups to share best practice knowledge and questions.
- Networking opportunities.
- Templates, sample policies, job descriptions and forms.
- Legislative advocacy and updates.
- Position statements, standards of practice and scholarship opportunities.
- Partnerships with industry leaders (ANA, CDC, TJC, OSHA, NIOSH, AAOHN, ABOHN.)

AOHP is the occupational health professional's single best source for information and support. Its programs and publications are dedicated to the health and safety of workers in healthcare, predominately in acute care facilities and occupational health clinics.

A national association representing thousands of healthcare personnel, AOHP's vision is to be the defining resource and leading advocate for occupational health, safety and well-being in healthcare. AOHP: advocates for employee health and safety; provides opportunities for professional growth and development; promotes health and safety advancement through best practice and research; and partners with employers, regulatory agencies and related associations.

Occupational health professionals are encouraged to join the movement toward healthier healthcare workers by becoming members of AOHP, a thriving, vibrant association with more than 1,000 active members. The membership year runs January 1 through December 31. For more information and a membership application, please call AOHP Headquarters at 800-362-4347, e-mail info@aohp.org or visit www.aohp.org.
